DJFS Dir Jean Demosky - Weekly Updates

Dir Demosky provided the following weekly updates:

1. Executive Board & JFS Director Retreat

- * The retreat was held last week with the theme "Staying Positive in a National Crisis for Social Services."
- * While the theme emphasized positivity, much of the discussion was described as gloomy.
- * Key takeaway: open communication is essential, especially avoiding surprises to commissioners (e.g., SNAP contribution issues).
- * Counties were urged to raise their voices regarding affordability concerns.
- * There was speculation about state-level initiatives to shrink the number of counties/townships, possibly by eliminating property taxes. This could bankrupt about 15 counties and many townships, forcing mergers.

2. OU Engineering Grant Collaboration

- * Ohio University's Engineering Department is preparing another grant application related to coal byproducts.
- * The grant requires a workforce development partner, and the county has been asked to partner again.
- * A pre-grant seminar will be attended this week.
- * This continuation highlights the value of previous collaborative efforts, keeping the county included in future opportunities.

3. Adult Protective Services Grant

- * The county is likely to receive a \$50,000 state grant to support Adult Protective Services.
- * Funding will address hoarding-related challenges among residents.
- * Collaboration with the Solid Waste District and the Health Department was suggested to maximize impact, since related efforts are already underway.

4. Winterfest Program & Financial Concerns

- * Winterfest may face challenges this year due to limited finances.
- * Currently, 500 coats have been secured at discounted prices, but another 500 are needed at regular cost.
- * The event will likely be scaled back compared to last year.
- * Walmart has expressed interest in providing significant support, which could help close the gap.

Executive Session - DJFS

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to enter into executive session at 9:39 with DJFS Dir Jean Demosky to discuss discipline of an employee.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Regular Session

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to return to regular session at 9:57 with No Action to be taken.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Status of Homeless Individual - Dir Demosky

A chronically homeless man temporarily set up a tent behind the building over the weekend. He explained that he did so to be on time for his Monday morning appointment with a social worker and even sat in view of the security cameras to show he wasn't causing trouble. Staff allowed him to stay until his appointment rather than removing him, noting that he was simply early and trying to keep his scheduled contact with his probation officer and social worker.

Patrick McGarry - Grant Approvals

motion was made by Mr. Adkins and seconded by Mr. Chmiel to approve the sewer projects as recommended by Health Dept Patrick McGarry.

See back of page 278 for the approved grant recommendations.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Patrick McGarry - Updates

1. Discussion on Sewer Line Options:

- * The 7245 Whitland is currently being designed for a gravity feed system.
- * Three contractors were consulted regarding bids:
 - * Two written bids were received, ranging from \$28,000 to \$52,000.
 - * A third contractor provided a verbal estimate of \$20,000.
- * The project involves approximately 100 feet of line from the house to the tap, with an estimated depth of 18 feet.
- * Concerns were raised about potential property damage from hammering, as the homeowner reported previous cracking in the driveway during nearby road work.
- * An alternative option discussed was installing a grinder pump station, which could reduce excavation risks.
 - * Reference was made to similar work in Whitland, where grinder connections cost around \$15,000.
 - * The system would involve connecting from the house to the grinder, then tying into the tap.
- * The board discussed that hammering at depths of 7–8 feet would likely hit significant rock, increasing difficulty and cost. Contractors confirmed this could result in three to four days of hammering.
- * Consensus was reached that pursuing the grinder station option might be more practical and cost-effective than the deep gravity system.

Action Items on Sewer Project:

- * Staff will work together to draft specifications for grinder installations.
- * Contractors will be asked to submit full-package bids for grinder systems.
- * Brand options (e.g., Simplex) will be further reviewed, and details on unit reliability will be confirmed.
- * Easements may be pursued if extending taps closer to homes would reduce homeowner costs.

2. Funding and Program Updates

State and Federal Funding Outlook:

- * Updates were shared regarding significant reductions in EPA-related funding streams:
 - * Line-item funding for 2026 has been cut by approximately 89%, raising concerns about program continuation.
 - * Of the 12–13 regional directors attending a recent call, only four had received current-year funding so far.
 - * Allocation processes remain unclear.
- * The Wastewater Pollution Control Loan Fund (WPCLF) program may be discontinued in coming years. Staff expressed surprise that this year's funding was even awarded, given delays and uncertainty.
- * The mosquito control grant also faced budget reductions of 50% from proposed levels.

Nominations and Allocations:

- * A nomination form for 2026 funding has been received, though specific parameters (e.g., maximum request amounts) have not yet been provided by EPA.
- * Historically, project requests have been capped at \$150,000. Current limits are pending clarification.
- * The county has already secured \$100,000 for connections on another project, though there was uncertainty whether this allocation had been reduced.

Future Planning:

- * Commissioners & W&S Supt Carson will need to coordinate with Gary (DLZ) and others on possible easements to bring taps closer to homes, reducing financial burden for residents.
- * Discussion will continue on whether the county or the district should administer future connection funding. Current practice suggests the county would administer, following previous models.

W&S Supt Oscar Carson - Weekly Updates

Supt Oscar Carson provided the following weekly updates:

Pump Failure and Emergency Response:

- * A significant issue occurred at the Carol Lane station when the system went down late Thursday night.
- * Staff worked overnight to manage the situation.
- * Fortunately, a new pump previously ordered had already arrived and was installed to keep the system operational.
- * The station is currently functioning on bypass mode while awaiting delivery of additional replacement parts.
- * A new motor and soft start unit have been ordered, with an extra soft start purchased for future backup to ensure

preparedness.

Upcoming Roundabout and Water Line Work:

- * Boring for the new roundabouts and water line is scheduled to begin this week.
- * This will result in a temporary water outage in the affected area, likely occurring sometime next week.

Drive-Through Repairs:

- * The drive-through system requires maintenance:
 - * The speaker is nonfunctional, and Stephanie is securing bids for repairs.
 - * The tube receiver box is outdated, originally designed for smaller cars.
 - * Customers with SUVs and trucks are experiencing difficulty reaching it.
- * Discussion included the possibility of replacing or upgrading the system, or eliminating one lane since only one is heavily used.

Fence Replacement at Dresser Station:

- * The wooden fence at Dresser station (Sunset area) is deteriorating despite staining and upkeep.
- * Staff suggested replacing it with a vinyl fence for durability.
- * The fenced area is approximately 20x20 feet.
- * It was noted that the fence was originally installed at the request of local residents after the station was built.
- * Maintenance staff, including Mike, will be consulted to determine whether county crews can handle the replacement.

Action Items:

1. Carol Lane Station – Continue monitoring bypass operations; install new motor and soft start when delivered.
2. Roundabouts/Water Line – Notify residents of upcoming water outage once a firm date is known.
3. Drive-Through System – Obtain bids for repair/replacement of speaker and receiver box; evaluate lane usage and potential redesign.
4. Dresser Station Fence – Solicit bids for vinyl replacement; consult with maintenance staff to assess feasibility of in-house installation.

Amended Certificate

A motion was made by Mr. Adkins and seconded by Mr. Chmiel acknowledging receipt of the Amended Certificate for Athens County Commissioners, dated August 19, 2025 prepared by Jill Davidson, Athens County Auditor.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

W&S Payment Agreement

A motion was made by Mr. Adkins and seconded by Mr. Chmiel authorizing a payment agreement as requested by Inga Solvein for monies owed the Athens County Water and Sewer District for water and sewer service, the total amount due is \$340.04 with \$50.00 payments on Past Due and scheduled payments on \$290.04 as follows 08/31/2025; 09/30/2025 and 10/31/2025 for \$96.68 each month. If the terms of this agreement are not met, the account will be considered delinquent and service could be shut off.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

ATCO Lease

- * Commissioners discussed whether to negotiate a sale or reduced pricing for the property.
- * Concerns raised about liabilities if the county retains ownership.
- * Sublease will be allowed to expire; further negotiation strategies will be reviewed, including possible discounts or liability transfers.

Johnson Rd & Ferndale Park Improvements - Planner Connor LaVelle

Planner LaVelle provided the following updates:

Johnson Road Project

- * Utility relocation remains the primary issue.
- * Met onsite with Buckley Group and Frontier.
- * Frontier has nine lines running down Johnson Road. Relocation options include:
 - * Underground installation (most expensive, cost responsibility unclear).
 - * Using AEP's existing alleyway lines behind homes for connection.
- * Once resolved, right-of-way plans will be drawn and negotiations with nine property owners (including a school and church) will begin.

Ferndale Park Improvements

- * Plan to remove old stumps, clear overgrowth, and improve the monument area.
- * Broken bench and damaged grill to be removed due to liability concerns.

- * Area around the memorial will be mulched using leftover mulch from the courthouse.
- * Healthy trees will remain; unhealthy or obstructive growth will be cleared.

Unclaimed Funds

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Unclaimed Funds

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to authorize Administrator JoAnn Rockhold to submit an application for unclaimed funds on behalf of the county.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Quarterly Updates - Treasurer Ric Wasserman

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to authorize Commissioner Eliason to sign the Quarterly Updates as presented by Treasurer Ric Wasserman for April, May, June, & July 2025.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Treasurer Updates

Ric Wasserman provided the following updates:

1. Investment and Interest Rate Update
 - * Current average interest rate stands at 3.8%, the highest during the treasurer's tenure.
 - * Significant funds are invested in long-term (five-year) instruments, while older one- to three-year investments remain at lower rates.
 - * Rates are expected to continue increasing as older, lower-yielding investments mature.
 - * Approximately \$15+ million remains liquid in Star Ohio, which is paying over 4%, ensuring flexibility for withdrawals when needed.
 - * Funds collected are temporarily warehoused in Star Ohio before disbursement by the auditor to townships and other entities.
2. Transition to Incoming Treasurer
 - * Taylor shadowed the treasurer last week, with support from a representative from the county's financial advisor.
 - * Orientation included a walkthrough of the investment portfolio, current strategy, and upcoming maturities.
 - * Taylor has prior experience as the investment officer for Nelsonville, giving him familiarity with agency bonds and investment structures, though not with Star Ohio.
 - * Transition plan includes leaving Taylor a roadmap with contact information and instructions to establish his own accounts and logins with financial institutions on his first day in office.
3. Cash Audit
 - * Clark, Schaefer & Hackett have been engaged to conduct a cash audit.
 - * Audit scheduled for Friday, August 29th at 3:00 p.m.
 - * Treasurer's office will close one hour early to ensure no transactions occur during the audit.
 - * Purpose: To verify cash balances and establish a clear transition point between administrations.

EMS - SRT

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to approve the two (2) new members for the SRT Team:
Jennifer Little
Bryce Kesterson

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Briefing on Recent SRT Incident

Brice Fick and Randy Crossen provided the following briefing:

- * The SRT was deployed in response to a shooting incident at an apartment complex with ~80 residents.
- * Primary objectives:
 - * Establish perimeter.
 - * Identify and locate suspect.
 - * Evacuate residents safely.
- * Tactics used:
 - * Communication attempts via loud hail, throw phone, and direct call options.
 - * Drone deployment after suspect refused to engage.
- * The suspect ultimately took his own life before entry.
- * A sign warning of dynamite was posted on the door.

- * Drone inspection confirmed no explosives.
- * Explosive Ordinance Disposal (EOD) team confirmed site safety.
- * Medical support was on standby, though unneeded in this case.
- * Takeaway: Having multiple paramedics (newly approved) is critical to ensure coverage for suspects, civilians, and officers during simultaneous operations.
- * A formal debrief with city officials was scheduled to review lessons learned and improvements.

EMS - Remove Supervisors from Mandation List

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to remove the Supervisors from the mandation list, restoring the historical policy in place prior to recent shortages.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.

Subdivision Regulations - John Branner

Residents (led by John Branner and colleagues) urged the county to treat large multifamily projects near The Plains as subdivisions subject to review—citing ORC, an AG opinion, and the County Commissioners' Handbook. They asked the county to coordinate with the city within the three-mile area, noting infrastructure, traffic, and archaeological impacts, and said state housing staff overlooked key standards. Commissioners suggested putting concerns in writing so they can forward them to city officials and state legislators; they also discussed city vs. county authority, private sewer ownership risks, and possible legal routes if needed. Next steps: residents will send a written summary and legal citations; county will share with the Regional Planning Commission and the city; residents will speak at the city Planning Commission's public comment session.

New Marshfield Sewer Meeting

Meeting reconvened at 6:00 p.m. at New Marshfield Senior Center with the 3 Commissioners, Clerk Alison Pierson, ACCHD Patrick McGarry, W&S Supt Oscar Carson & Manager Stephanie Morris, and via phone DLZ Gary Silcott to discuss the updates on the New Marshfield Sanitary Sewer System with residents of New Marshfield.

Adjourn

A motion was made by Mr. Adkins and seconded by Mr. Chmiel to adjourn the above meeting.

The roll being called upon for adoption, the vote resulted as follows: Mr. Eliason, yea; Mr. Chmiel, yea; Mr. Adkins, yea.
